

# How can you launch your global career and follow the international experts training session in Dubai.

Presentation - 2024

[contact@ordre-experts-internationaux.com](mailto:contact@ordre-experts-internationaux.com)

## Introduction

In today's interconnected world, **being an international expert requires a unique set of skills.** In an era marked by globalization, rapid technological advancements, and complex geopolitical dynamics, international experts play a crucial role in addressing global challenges.

A contemporary international expert is skilled at using technology to connect with colleagues from around the world. **They keep up-to-date with the latest advancements in their field and contribute to a shared pool of knowledge.** Being adaptable and flexible is crucial for them to navigate the constantly changing dynamics of international relations, trade, and diplomacy.

# About Us

Launching a global career involves **strategic planning, networking, skill development, and adaptability**. An expert acts for local populations benefit, contributing to a more equal and sustainable world. Expert's human qualities are just as important as their expertise.

## International Experts Order

Since 2009, we gather more than 400 experts, with several nationalities and specialities. **Our core values** : Respect, Teamwork, Humility, Creativity, Honesty and Tolerance.

We are committed to gather high-level knowledgeable experts, with **a global mindset** and eager to align their expertise and projects towards the **17 Sustainable Development Goals of the United Nations**.

# Mr Jacques VIALAT

President

French International Expert

**Expertise Fields** : Management, Leadership, International Relations

**International assignments :**

China, Switzerland, Romania, Morocco, Algeria, Senegal

# Mr Jacques VIALAT

**President**

Identification of emerging trends often serves as future requirements preview.

Training serves **as a strategic lever**, enabling experts to foresee these advancements, **position themselves ahead of changes**, and actively contribute to **shaping the future landscape of their expertise**.

Today, international experts play a key role in driving transformations; their endeavors extend beyond mere observation to the proactive creation of solutions aimed at tackling the significant challenges of our time.

**Never undervalue the influence of your voice and actions. Stay active, be an inspiration**, and collectively, let's harness the potency of our skills as a formidable force for change.

# Mr Pierre Jean COULON

## Vice President

Mr Pierre Jean Coulon was the President of the Section “Transport, Energy, Infrastructure and Information Society” of ***the European Economic and Social Committee (EESC)***.

At the same time, Mr Coulon serves as a Special Advisor for European and International Affairs of ***the French Confederation of Christian Workers (CFTC)***. Previously, he was active as President of the international non-governmental organisation ***Right to Energy SOS Future***, as well ***as an expert adviser to the United Nations***.

He also held several management positions in energy companies.

# Mr Pierre Jean COULON

## Vice President

**Mr Coulon has been a member of the EESC since 2010.**

As a member of the Section for External Relations (REX) and the Section for Transport, Energy, Infrastructure and the Information Society (TEN), he has played an active part in the meetings and work on a number of Committee opinions.

In the energy field, he served as rapporteur in opinions on the Energy Union framework and the Energy Roadmap 2050, energy storage, energy poverty, energy research and technologies, the internal energy market, as well as the involvement of civil society in EU energy policy and governance.

**He is also member of the Steering Committee of the European Nuclear Energy Forum (ENEF).**
